Health Economics Can Help!

IHE Evidence into Practice Luncheon Series: Health Economic Training Sessions

Presented by The Institute of Health Economics
in partnership with Alberta Health

IHE Evidence into Practice Luncheon Series: Health Economic Training Sessions

This brown bag luncheon series provides an applied orientation to health economic evaluation. Specifically, the objective of this series is to help policy makers develop the tools and knowledge to become more efficient and effective requesters, consumers and users of health economic findings and research - allowing participants to translate theory and concepts into real world situations and problems.

Instructors include:

Dr. Anderson Chuck, Director of Economic Evaluation and Analytics, Institute of Health Economics

Dr. Chris McCabe, Research Director, Capitol Health Endowed Chair, Department of Emergency Medicine, University of Alberta Hospital

Dr. Mike Paulden, Assistant Professor, School of Public Health, University of Alberta

Dr. Eldon Spackman, Assistant Professor, Community Health Sciences, University of Calgary

Dr. Jeff Johnson, Professor, Alliance for Canadian Health Outcomes Research in Diabetes, School of Public Health, University of Alberta

Among others...
