RESOURCES

(1) Organizations/Websites in Canada

(2) Organizations/Websites in United States and UK

(3) Review Reports

See handout today for short list

See full **10-page Resource Guide** at website for the Institute for Health Economics (www.ihe.ca) and link at the PNWER website to symposium

Organizations that Support Mental Health and Addictions in the Workplace

40 organizations based in Canada are identified

38 organizations based in US are identified

These organizations are non-profit or government sponsored and many offer substantial support for general and workplace specific aspects of mental health, addiction and disability / return-to-work for the issues

Almost all of the resources are at no cost

Research-based Reports For Employers and Organization that Support Mental Health and Addictions in the Workplace

50 reports are identified

Most are from Canada or US; some global

Reports are based on research evidence but written for practical application and policy use

Almost all of the reports are at no cost and available as download PDF files from websites

Questions – Comments ?
