The IHE is delighted to support CASA's Dr. Roger Bland Community Lecture Series

The IHE is delighted to have provided support to CASA for the Dr. Roger Bland Community Lecture Series.

The IHE is delighted to have provided support to CASA for the very popular and well-attended Dr. Roger Bland Community Lecture Series. This mini-series addressed important issues in children's mental health, with each event featuring a keynote speaker and an expert panel to lead the conversation and answer audience questions. Each of these free events welcomed everyone to attend and learn about children's mental health from leading national experts, professionals, families, and youth. The final event in this series addressed the issue of FASD and mental health, and had over 240 attendees!

The exciting and engaging Dr. Roger Bland Community Lecture Series will resume in September 2019. Events are sponsored by CASA and its partners – the University of Alberta, AAMIMH, EPSB, and the IHE – and will be held at the Telus World of Science.

For more information about the Dr. Roger Bland Community Lecture Series, please visit the following webpage: https://www.casaservices.org/lectureseries.

The IHE is an independent, not-for-profit organization that performs excellence in health economics research and health technology assessment. Our core objectives include: supporting decision-making in health policy and practice with evidence from research in health economics and health technology assessment; assessing the medical, economic, social, and ethical implications of both established and new health practices, procedures, and technologies; and facilitating discussions and partnerships among government, academia, industry, and healthcare providers to address important issues in health care. Visit us at www.ihe.ca to learn more.
